1. Last month, Officer Ron Lindholm while on patrol, smelled fire at the Buona Fortuna Restaurant. Upon investigating, he found the pizza area was on fire. Because of his good nose and quick action, major property damage and the loss of a successful business in Monticello was prevented. We commend Officer Lindholm for his quick action. In gratitude, the owners of the restaurant, Jay and Steve Brahimaj, took out a large ad in the Times Herald Record thanking Ron, and the Monticello Police and Fire Departments for saving their restaurant.
2. As most of you know by now, the Kaplan's sign has been removed and the owner is resurfacing the storefront. Another major eyesore has been removed from the Village of Monticello thanks to the work of our Code Enforcement department.
3. Tickets issued by the Monticello Police Department increased as a result of our program to target violators. Attached is a chart indicting the numbers of tickets issued since January of this year.

**PUBLIC HEARING WITH RESPECT TO ADOPTION OF PROPOSED LOCAL LAW 7 OF 2005 ENTITLED "WASTE MANAGEMENT FACILITIES LAW OF THE VILLAGE OF MONTICELLO"**

Mayor Barnicle opened the public hearing at 7:13 p.m.

Minutes - Regular Village Board Meeting  
9/19/05

Jim Green, a Town resident was concerned that the recycling program is being compromised. He complained that when a person calls the County's Landfill Odor Hotline, the person responding, very likely might be an energetic, enthusiastic, knowledgeable employee, who main focus was the recycling but now is on full time duty for the odor control problem. He felt that the technology presented by BioMass Energy for the treatment of solid waste by an aggressive recycling program, gasification of the remaining bio-mass, to provide fuel for generation of electric power deserves more than a passing nod by the County Officials. He hoped that the building and functioning of this type plant at Mr. Taylor's Montgomery site will prove to be worthwhile as a viable waste management option to the landfill.

Harry Brantz felt that most waste should be recycled.

Marie Ng was concerned that even with Taylor Recycling the rest of the County could continue to use the landfill.

The Mayor explained that if the Village passes the law to ban expansion of the landfill, the Village will have to go to court with a lawsuit against the County.

Janet Newberg stated that Taylor's Project fall within 15% to 20% of the garbage that still might must go to the landfill outside the County. She felt there are too many questions that remain unanswered with Taylor's gasification process. She continued that with Taylor's existing recycling process of C&D, and Hudson Baylor of Newberg assisting with other recyclables and the compost facility the County could reduce the flow to the landfill to 20% without a power plant.

As there were no further comments, Mayor Barnicle closed the public hearing at 7:28 p.m.

"A Local Law Amending the Village Code to add Part Three to Chapter 216, entitled "Waste Management Facilities Law of the Village of Monticello; and

**BE IT FURTHER RESOLVED**, that this resolution shall take effect immediately.

A motion was made by Trustee Marinello, seconded by Trustee VanDermark, unanimously approved on a roll call vote to adopt the above resolution.

**PUBLIC COMMENT**

**Recycling**

Harry Brantz felt that the County could have a revenue source from recyclables.

Minutes - Regular Village Board Meeting  
9/19/05

### **Newsletter**

Harry Brantz suggested that the Village Manager write a newsletter to make the residents more aware of what is going on in the Village.

### **Taxi Cab Rates**

Dick Kelly felt that gas prices are dropping so taxi rates should not have been increased or should fall back to the July rate.

Mayor Barnicle explained that when the gas prices fall to \$2.65 the rate will return back to the July rate.

### **Appearance Of The Village**

Becky Whipple was concerned with the appearance of the Village noting that on Forestburgh Road there is a house for sale with garbage all over the front yard all summer and another home nearby that has a snowmobile, tires and other material in front of the house. She felt that very entrance into the Village has property in disrepair. On Jefferson Street the Town of Thompson barn is peeling, the old Napoli Pizza building has windows on the second floor are boarded up with plywood and on Pleasant Street the Justice Court's roof is collapsing. She felt that just having the Kaplan sign removed does not improve the Village with all the other eyesores still remaining. She felt that businesses are closing because of the condition of the Village.

The Mayor responded that as he stated earlier in the meeting the Kaplan sign came down and all the rest of them will be addressed.

Carmen Rue was concerned about the two blue houses on Pleasant Street near Starr Avenue that have not had their lawns mowed all summer and are both in disrepair. She also complained about garbage left on a lot by someone on at the

Minutes - Regular Village Board Meeting  
9/19/05

intersection of Starr and Fisk Avenue, but when the Sanitation Department emptied the garbage cans they left the bags lying there and as a result animals will tear open the bags and garbage will be thrown all around. This type of problem makes the Village look dirty.

Lucille Weiler was concerned about the uncut weeds on Prince Street near the parking lot.

Mayor Barnicle responded that property has been cited and is going to trial in Justice Court.

**ADJOURNMENT**

At 7:40 p.m., a motion was made by Trustee Marinello, seconded by Trustee VanDermark, unanimously approved on a roll call vote to adjourn the Regular Village Board meeting.
